INTERSTATE 10 WIDENING PROJECT WILL REQUIRE INTERMITTENT CLOSURES OF ORANGE STREET AND SIXTH STREET IN REDLANDS, DECEMBER 19-23

The Interstate 10 widening project in Redlands includes improvements to 11 freeway bridges. Crews will be demolishing bridge columns on Orange Street and Sixth Street beneath the freeway, which will require intermittent closures the week of December 19-23.

On Orange Street, one lane will be closed in each direction from 6:30 a.m. to 3:30 p.m. between approximately Pearl Avenue and Colton Avenue. One lane in each direction will remain open to motorists. The sidewalk on Orange Street also will be closed during the bridge demolition.

Sixth Street will be completely closed to motorists between Pearl and Colton from 6:30 a.m. to 3:30 p.m.

These closures will be staggered throughout the week; Orange Street will not be closed at the same time as Sixth Street. When Orange Street is closed, drivers may use Sixth, Colton and Redlands Boulevard as detour routes. When Sixth Street is closed, drivers may use Orange, Colton and Redlands as a detour.

Please follow posted signs and drive carefully through the construction area. For more project information, call the Interstate 10 helpline at (909) 889-8611 ext 102 or visit the San Bernardino Associated Governments website at www.sanbag.ca.gov.

SANBAG appreciates your patience during this freeway widening project.
